

LIFE GOES ON.

CARDIAC SCIENCE AEDs  
ALWAYS RESCUE READY.

You need an AED you can depend on. One that's ready when you need it. A Powerheart AED from Cardiac Science is the perfect choice for rescue professionals. Whether you need the advanced technology of multiple rescue capability and manual override found on our G3 Pro, or the standard features of our flagship G3, each device contains RescueReady® self-diagnostics, which means no surprises while out on a call.

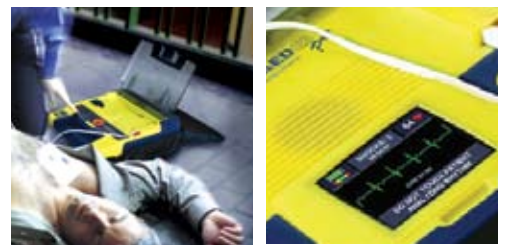

Rescue professionals have relied on our AEDs since 1996. In fact, we have the longest device warranty in the industry.
